Re: Coffeyville Resources Nitrogen Fertilizers, LLC
Case Number: 16KS1207

Dear Ms. Stotts,

I am writing in response to EPA's March 31, 2016 correspondence concerning the findings from the agency's December 7, 2015 Clean Air Act RMP and EPCRA inspection. The company has information responsive to the agency's request and is compiling that information for submission. The letter did not specify a deadline for the submission, but our best estimate is that we can respond to the agency's request within 30 days of the date of this letter.

Please let me know if you have any questions in the meantime. You can reach me at (620) 252-4344.

Sincerely,

Neal E. Barkley, P.E.
Vice President & Fertilizer Facility Manager
